

Dear members,

As we look forward to celebrating the risen Christ with hope and generosity of spirit let us give thanks for all the blessings we have in our lives. Easter signals a new beginning of nature, new life, friendships and peace. It brings joy, hope and new energy to our lives. My wish is that we recognise these gifts and radiate them to others.

May ...
the light of God surround you
the love of God enfold you
the power of God protect you
the presence of God watch over you.

(Old Irish Blessing)

I look forward to meeting you at CICIAMS General Council Meeting and XX World Congress in Malaysia from 4 - 7 September 2018.

Happy Easter!

Geraldine McSweeney
International President CICIAMS
